MALATHION TECHNICAL 95 % EC

1. Specification: -

Malathion Technical (S-, 2-dl (Ortho-oxycarbonyl) ethyl O, O-dimethyl phosphorodithioate) shall conform to IS: 1832-1978 specifications with up to date amendments with minimum 95% Malathion content % by mass and shall have no foul odour.

2. Additional/Requirements: -

2.1 Insecticides Act:

In addition, the terms and conditions in the Rules framed in 1971 under the Insecticide Act of 1968 (46 or 1968) Govt. of India, with up to date amendments at the time of finalization of the contract will also be applicable.

2.2 Expiry Date:

An expiry period of one year is required to be furnished for the material from the date of inspection. The material shall continue to meet all the requirements of the above specifications for a period of two years from the date of inspection.

2.3 Packing and Marking on the packages: -

Packing:

The material shall be packed according to IS:1890 (PLI) 1980 specifications (Packing for liquid pesticides as per specifications with upto date amendments for mild steel drums Grade B.I). The drums should be suitable lacquered to avoid decomposition of Malathion during storage. New weight of the packed material is to be 250 kg. High density Polyethylene (HDPE) may be considerable in case of 5 lt packaging & Drum in case of 20 lt packaging.

Marking or the drums:

The drums should be marked legibly and Indelibly with print/stenciling with all the requirements given under clause 3.2 of IS:1832/1978 in addition to the provisions under the Insecticides Act such as date of manufacture, date of inspection, expiry date etc. The expiry date shall be prominently and clearly stenciled/printed. Drums must be on running order. In case the quantity to be dispatched is less or more than the multiple of the batch size, then, the numbering of the individual drums of the dispatched material, which makes a part of a batch, shall be in serial running order

Handwritten signature and date: 13/1/23
