1. Background:

Diagnostic services at the Primary Health Centre (PHC)/Urban Primary Health Centre (UPHC) level Ayushman Arogya Mandirs (AAMs) have shown a dismal performance, despite significant strengthening efforts and funding provided over the last few years through the XV Finance Commission (XV FC). As per National and State mandates, every PHC/UPHC AAM is required to be equipped to provide 65 types of diagnostic tests, with a minimum of 40 types to be performed in-house and the remainder outsourced. These tests must be provided to all beneficiaries free of cost. Functional diagnostic facilities at this local level are crucial as they are closer to the community, enabling necessary periodic tests under National/State Schemes to be performed without hardship or financial burden.

The inadequacy of the current sample transportation system is identified as a major issue hindering the achievement of recommended test numbers. The unit cost per day as mentioned above in this paragraph, shall be given irrespective of no's of samples transported in a day.
