The objective of the presentation is to enable the client to evaluate the work experiences of bidders in different fields as per the scheme requirement. The evaluation of the technical presentation will be based on the following criteria:

- a. Past experience of the bidder (Organization background/ journey and current achievement for ongoing projects details preferably with the Agriculture Department.)
- b. Understanding of the scope of the project/ Area and key deliverables, Output, Outcomes, constraints etc.
- c. Strategy, Methodology and implementation framework.

The organization/agency whose technical evaluation secures a score above the **minimum qualifying mark of 70 (maximum marks of 60 in Technical Proposal & maximum marks of 40 in Technical Presentation)** in the technical evaluation stage will be technically qualified for opening for the financial evaluation.

8.3 Financial Evaluation (3rd Stage)

The financial proposals of only the technically qualified bidders shall be opened at this stage in the presence of the bidder's representative who wishes to attend the meeting with a proper authorization letter. The name of the bidder along with the quoted financial price will be announced during the meeting.

8.4 Method of Selection:

The selection shall be done in QCBC (Quality and Cost based selection) method.

This method follows both the technical quality of a proposal, and the cost of the services are considered. It involves evaluating the technical proposal first and then comparing them based on a combination of technical scores and financial bids.

a. The short-listed bidder will be invited to present their proposals before the selection committee.

b. In deciding the final selection of the bidder, the technical quality of the proposal will be given a weightage of 70% on the basis of criteria for evaluation. The price bids of only those bidders who qualify technically will be opened. The proposal with the lowest cost will be given a financial score of 100 and the other proposal given financial scores that are inversely (in reverse) proportional to their prices. The financial proposal shall be allocated a weightage of 30%.

For working out the combined score, the client will use the following formula:

Evaluated Bid Score: $(0.7 \times 100 \times T/T(\text{high})) + (0.3 \times 100 \times C(\text{Low})/C)$, Where, T stands for Total marks obtained in technical proposal, T(high) stands for highest marks obtained in technical proposal, C stands for Evaluated Bid Price of the Bidder, C (Low) stands for Lowest of the evaluated bid prices among the responsive bids.

Example: If in response to this EOI, three proposals, A, B & C were received and the EOI Screening Committee (ESC) awarded them 75, 80 and 90 mark respectively, all the three proposals would be technically suitable. Then the following points for technical proposals may be given:

Proposal A: $100 \times 75 / 90 = 83.33$ points

Proposal B: $100 \times 80 / 90 = 88.88$ points

Proposal C: $100 \times 90 / 90 = 100$ points

Further, if the quoted price of proposals A, B & C were Rs.120, Rs.100 & Rs.110 respectively, then the following points for financial proposals may be given:

Proposal A: $100 \times 100 / 120 = 83.33$ points

Proposal B: $100 \times 100 / 100 = 100$ points

Proposal C: $100 \times 100 / 110 = 90.90$ points

In the combined evaluation, the process would be as follows:

Proposal A: $(0.7 \times 83.33) + (0.3 \times 83.33) = 83.33$

Proposal B: $(0.7 \times 88.88) + (0.3 \times 100) = 92.216$

Proposal C: $(0.7 \times 100) + (0.3 \times 90.90) = 97.27$

Proposal C would be considered the H1 and would be recommended for negotiations, if considered necessary for approval.

From the time the proposals are opened to the time the contract is awarded, the Organization/Agency/ bidder should not contact the Client on any matter related to its Technical and/or Financial Proposal. Any effort by Organization/Agency to influence the Client in the examination, evaluation, ranking of Proposals, and recommendation for award of contract may result in the rejection of the Organization/Agency's proposal. Chief District agriculture officer, Malkangiri may cancel the bid and reject all proposals without assigning any reasons at any stage of the tender process.
